

Jack Delo (Board of Trustees) Professionally, I began my career at DuPont as a systems analyst and technical salesman, later serving as a production manager for Knight-Ridder Newspapers at The Miami Herald and Director of Circulation at the St. Paul Dispatch and Pioneer Press, before spending 35 years building and eventually selling a bar code label and RFID tag manufacturing company in St. Louis. Educationally, I hold a B.A. in business administration and economics with a minor in philosophy, alongside an incomplete MBA from the University of Delaware. Personally, I live in the Bay Area with my wife Sherry, our two daughters, and four grandchildren—all of whom, with a nod to our old neighbor Garrison Keillor, are doing wonderfully. Spiritually, we embraced Unitarian Universalism in Delaware and Minnesota, and after exploring East Bay options, we chose to join UUSF due to its vibrant community, music, and leadership. Experientially, I bring leadership background as a former president of the United Way Tri-County Division in St. Louis and the Racquet Club of Ladue, and I currently serve on the Drury University Board of Trustees and the UUSF “1187” Committee. Expectantly, my goals for the UUSF Board of Trustees are to attract newcomers seeking an active, justice-minded community and to increase the Society’s endowment to secure its future.
