

Judith Stoddard (Nominating Committee) I've been at UUSF for about thirty years, grateful to be part of a multi-generational community that connects spiritual exploration with ethical behavior and accountability while taking on a variety of volunteer tasks and committee assignments. Ten years ago, when I was preparing to become Small Group Ministry Coordinator, a grant from this church helped me attend a weeklong leadership training retreat. That very helpful experience spurs me to investigate what more we might do here and perhaps in connection with nearby congregations to offer similar opportunities for members interested in exploring and developing their own leadership skills.
