

Julia Wald (Board of Trustees) joined UUSF in 1992 and has been involved in various church activities, committees, and group involvement. She currently serves on the Stewardship Committee and has experience in fundraising, social justice, and volunteering at various organizations. Julia has also served on the Nominating Committee and was a facilitator in Small Group Ministry. Julia is currently a retired probate, trust, and estate planning attorney, with a particular interest in helping families establish conservatorships for elders in danger of elder abuse. She served on SF Planned Parenthood's Board of Directors in the late 1980s. Julia is interested in serving on the Board of Trustees because of her spiritual strength and community involvement at UUSF. She is a problem solver and creative, and we are particularly interested in the church's efforts to be a more inclusive and diverse community.
