

Board of Trustees

Galen Workman (incumbent)

Galen Workman is a lifelong Unitarian Universalist who joined the Society immediately when he moved to San Francisco in 1982. His passion is social justice work, and his first time speaking during the service was about the US involvement in El Salvador.

Galen is currently Moderator of the Board of Trustees, and in previous terms as a Trustee, he has been Vice Moderator, Treasurer, and Secretary. He highly values his experience with the Refugee Guardian Group, which in the last decade helped queer newcomers settle in San Francisco. He has also served on two ministerial search committees, the nominating committee, and long-range planning task forces. He hopes he can help the Society to make a positive difference protecting rights and honoring the worth and dignity of every person.
