

Barbara Wismer (Board of Trustees) I began attending UUSF in January 2023, as I was looking for a spiritual community. It was a great fit for me, and I joined in September 2024. I have appreciated and benefited from the warm welcome of UUSF folk, the many small group offerings, the Forum and opportunities for social justice action, the Faithful Fools, and the choir. Although not a Bay Area native, I've lived in San Francisco for 33 years. Most of my career as a physician/medical director was with the SF Department of Public Health. Now retired, I spend my time enjoying the outdoors (swimming, biking, running, hiking, backpacking, and birding); expanding my artistic side (through photography, drawing, painting, and enjoying the arts); exploring the spiritual realm (through reading, writing, meditation, and offerings at UUSF); doing social justice work; and traveling whenever I can.
